

Small Schools Association of South Australia

MEMBERSHIP INFORMATION 2018

Welcome to SSASA

If your school is a small school and does not qualify for additional leadership personnel, then you can join us in SSASA – the professional state organisation that represents all small schools both city and country. We believe that there is no other state organisation that is capable of understanding the tyranny of distance, the state of isolation and the complexities of small schools.

We support our members with:

- Relevant information such as latest news from DECD
- Representation on state and federal forums
- Tailored annual conference to meet the needs of small schools
- Opportunities for discussion at the conference, through the chat line, executive meetings
- Providing collaborative leadership support in the new partnerships
- Giving a united political voice to Small School issues through our member surveys and conference
- Offering focussed professional development for Small Schools
- Communicating with Leadership Associations' to ensure Small Schools are equally represented and have a voice
- Sharing Small School resources, links and websites through the SASSA website
- Providing the voice of Small Schools in EB Negotiations

We believe that we are the most relevant state organisation to support small schools because our members understand the tyranny of distance affecting a large percentage of our schools, the immense isolation of many small schools and the incredible complexities of your small school.

Many of our members believe that membership of SSASA sits very comfortably with membership of other professional organisations too.

SSASA aims to link all small schools through:

- Responsive and well supported talk line
- An informative and up to date web site
- An executive committed to the ethos of small schools

In previous years we have had a very successful annual conference found by members to be very relevant to their needs. In 2018 we will again have a conference so please consider this in your school budget. So if you can identify with all these issues and would like to be supported by, as well as contribute to SSASA, we invite you to either renew your membership for 2018 or to join us with your new membership for the first time.

It is important to remember that our president is a full time principal and as an unpaid president contributes a huge amount of time to the SSASA role. Your membership of SSASA supports this role as well as the participation of all executive members.

Membership cost for 2018 is \$450.00

By Mail: make cheque payable to
